## FUNDRAISING FOR YOUR EVENT

Rockwoods wants to help you make this event affordable for the students. We can arrange a 'Community Night' for your organization in our restaurant. We pick a Tuesday in advance and 10% of all sales from reservations in the dining room between 4p-8pm that evening will be credited to your upcoming event!

## Dinner

The final guest count due date will be listed on your event contract; it is typically due 5-11 days prior to the event date. Guest with allergies will be provided a custom plated meal at the same price as long as we have advance notice. All guests including students & adults will have the same meal at the same price. Smaller children under age 10 will have the same meal at a discounted price. You are welcome to order from our regular menu if you would prefer something from there, but pricing will be according to that menu.
